

## **Action Taken Report on Parent Feedback: 2018-19**

Following a comprehensive analysis of the feedback collected from parents, we are pleased to present an action taken report detailing the measures and initiatives undertaken to address their valuable input:

### **Enhancing Campus Facilities:**

Acknowledging the high satisfaction level (93%) regarding access, cleanliness, and ambience on campus, the institution has continued its effort to maintain and improve these aspects. Regular maintenance and cleanliness drives are conducted to ensure a conducive learning environment.

### **Improving Teaching Quality:**

With an overwhelming satisfaction rate of 96% in the quality of teaching, the institution has reinforced its commitment to excellence in education. The institution has made efforts in incorporating modern teaching methodologies to further enhance the quality of teaching. Besides, the institution has also decided to enhance the number of smart classrooms for imparting education through audio-visual means.

### **Enhancing Examination and Evaluation Systems:**

The positive feedback (96%) on the examination and evaluation system encourages us to continually refine and innovate in this area. We have implemented technological solutions for efficient assessment, feedback mechanisms and transparent evaluation processes to uphold academic standards.

### **Optimizing Laboratory Facilities:**

Addressing the satisfaction level of 92% regarding laboratory facilities, the institution invested in modernizing equipment with evolving educational requirements.

### **Enriching Guest Lecture Opportunities:**

Recognizing the positive response efforts are underway to ensure relevance, interactivity, and practical insights in these sessions.

### **Promoting Sports and Cultural Activities:**

With an outstanding satisfaction rate of 98% in sports and cultural activities, we remain dedicated to fostering holistic development beyond academics. We encourage participation, organize events and provide facilities to nurture students' talents and interests in various domains.

### **Ensuring Student Safety and Security:**

The commendable satisfaction rate (96%) regarding safety and security underscores the institution's unwavering commitment to prioritizing student well-being. We continually assess and enhance security measures, conduct drills and maintain vigilant supervision to create a secure learning environment.

The feedback provided by parents serves as a catalyst for continuous improvement and reinforces our commitment to providing a holistic educational experience.
