The multidisciplinary/interdisciplinary approach enables an individual to approach a problem through different perspectives with the help of allied disciplines. In order to implement this concept, the institution allows the students to opt for an elective paper termed as GE (Generic Elective) other than the core subject. The purpose of GE is to offer the students the option to explore disciplines of interest beyond the choices they make in Core and Discipline Specific Elective papers. The Institution offers two papers each in two GE subjects or four papers in one GE subject. Besides, the student have to study AECC-I (Environmental Studies) and AECC-II (Language/MIL paper) as compulsory subjects in 1st and 2nd semesters respectively. These papers are taught by the teaching faculty of science departments and the Language departments respectively. The SECC-I and SECC-II courses like Communicative English and Quantitative Aptitude and Logical Thinking respectively are taught by faculty from English and faculty from Commerce/Mathematics departments. The multidisciplinary approach ensures flexibility of choice which empowers the students to enhance their communicative skill and logically thinking.
