NOTICE

This is for the information of all concerned that the Department of Geology, Govt. College, Sundargarh is going to celebrate "Earth Day, 2024" on 22nd April 2024 (Monday). The Earth Day is celebrated annually on April 22nd. It is a day dedicated to raising awareness about environmental issues, promoting conservation efforts and celebrating the natural beauty of our planet.

Further, the Ministry of Earth Sciences, Govt. of India also plans to conduct the event all over India and has chosen Govt. College, Sundargarh as one of its coordinators.

The event will be conducted as per the agenda attached below:

Time	Event
07.00 A.M - 08.00 A.M	Cleaning Programme at Govt. College Playground
10.00 A.M- 11.00 A.M	Celebration of Earth Day at NG-II, Old Building

Therefore, all the students are requested to participate in the event to make it successful.

Theme of the Day- Planet Vs Plastics

EARTH DAY

DATE-22/APRIL/2024

{ GOVT. COLLEGE SUNDARGARH }

INTRODUCTION

- Welcome to the documentation of the "Planet vs. Plastic" on Earth Day celebration held at our college campus. In alignment with the global Earth Day movement, our college community came together to address one of the most pressing environmental issues of our time: plastic pollution. With the theme "Planet vs. Plastic," we aimed to raise awareness, inspire action, and foster a sense of responsibility toward our planet's health and well-being.

1. Setting the Stage:

- Plastic pollution has emerged as a critical environmental challenge, threatening ecosystems, wildlife, and human health worldwide. From single-use plastics clogging our oceans to microplastics infiltrating our food chains, the impact of plastic pollution is pervasive and far-reaching. Recognizing the urgency of this issue, our college campus embarked on a journey to confront the planet's adversary: plastic.

2. The Significance of Earth Day:

- Earth Day serves as a poignant reminder of our interconnectedness with the natural world and our responsibility to protect it. By commemorating Earth Day through events like "Planet vs. Plastic," we honor the planet's beauty and biodiversity while also acknowledging the environmental challenges it faces. It is a time for reflection, action, and solidarity in our commitment to environmental stewardship.

3. Theme: Planet vs. Plastic:

EARTH DAY

- The theme "Planet vs. Plastic" encapsulates the struggle between preserving the health of our planet and combatting the pervasive presence of plastic pollution. Through this theme, we seek to highlight the detrimental effects of plastic pollution on ecosystems, wildlife, and human health, while also emphasizing the collective efforts needed to address this issue.

PURPOSE: -

The purpose of EARTH DAY is multifaceted:

1. Capture the Essence:

- It's a day to acknowledge and appreciate the contributions of geologists worldwide. Geologists play a vital role in understanding the Earth's processes, history, and resources, as well as in mitigating geological hazards and addressing environmental challenges.

2. Documentary Record:

- Serve as a comprehensive record of the various activities, events, and initiatives undertaken during the Earth Day celebration, providing a detailed account of the efforts made to raise awareness and inspire action on the theme of "Planet vs. Plastic."

3. Educational Resource:

- The day often involves educational activities and outreach programs aimed at engaging the public, especially young people, in learning about geology.

4. Inspiration for Future Action:

- Inspire and motivate individuals and organizations to take action against plastic pollution and adopt sustainable alternatives by showcasing the innovative ideas, initiatives, and solutions presented during the Earth Day celebration

5. Environmental Awareness:

- Given the growing importance of environmental conservation and sustainability, World Earth Day underscores the role addressing environmental issues.

6. Evaluation and Reflection:

- Promote sustainable practices and policies on campus, such as reducing single-use plastics, implementing waste management strategies, and supporting

EARTH DAY

environmentally-friendly initiatives, as part of the broader commitment to environmental conservation and sustainability.

7. Promotion of Sustainable Campus Practices:

- Promote sustainable practices and policies on campus, such as reducing single-use plastics, implementing waste management strategies, and supporting environmentally-friendly initiatives, as part of the broader commitment to environmental conservation and sustainability.

8. Empowerment and Engagement:

- Empower individuals to become agents of change in their communities by equipping them with the knowledge, skills, and resources needed to take meaningful action against plastic pollution and contribute to building a healthier, more sustainable planet for future generations.

ORGANISER & PARTICIPANTS

- ❖ Events are Organised by Bhu-Bigyan Sangathan under Guidance of Mr. Siba Prasad Mohanty, HOD, Dept. of Geology, Govt. college Sundargarh.
- ❖ The college principal with college staffs are participants among the student of B.Sc & M.Sc.

SCHEDULE: -

TIME	EVENTS
07.00 AM – 08.00 AM	Cleaning At Govt. College Playground
10.00 AM – 11.00 AM	Celebration Of Earth Day At-NG-II, Old Building
06.30 PM ONWARD	Online Talks On Google Meets

EVENT SUMMARY: - [Earth Day Celebration]

Overview:

EARTH DAY

Earth Day was celebrated with enthusiasm and scholarly, bringing together geologists, students, educators, and enthusiasts to commemorate the wonders of our planet's heritage.

Key Activities and Highlights:

The "Planet vs. Plastic" celebration featured a variety of activities and events designed to engage and empower participants:

A - Plastic Clean-up Drive:

Participants joined forces to clean up plastic litter from campus grounds, highlighting the immediate impact of plastic pollution.

B - Interactive Workshops:

Engaging workshops were conducted to provide hands-on experience in geological techniques.

CONCLUSION :-

➤ As we reflect on the "Planet vs. Plastic" Earth Day celebration, let us carry forward the spirit of environmental stewardship and collective action. By confronting the challenge of plastic pollution with determination, innovation, and solidarity, we can strive towards a future where our planet thrives, free from the burden of plastic waste. Together, let us champion the cause of "Planet vs. Plastic" and pave the way for a more sustainable and resilient world.

➤ Future Directions:

✓ Looking ahead, it is imperative to sustain the momentum generated by EARTH DAY and continue fostering collaboration and innovation. By nurturing interest in geosciences and

EARTH DAY

promoting scientific inquiry, we can contribute to a better understanding of our planet.

- ✓ Through this documentation, we aim to capture the essence of our Earth Day celebration and inspire continued efforts to protect and preserve our planet for generations to come.

HAPPY EARTH DAY

Bhu-Bigyan Sangathan & Dept. of Geology, extends their sincere gratitude to all guests and attendees for making the event success
