## Report on Observance of Sanskrit Week by Government College, Sundargarh

The College observed Sanskrit Week 2025 with great enthusiasm and academic fervor. The celebration was formally inaugurated by the Principal, Sri Alok Kumar Naik, who in his address highlighted the importance of observing Sanskrit Week and encouraged the students to actively participate in the events.

On the inaugural day, Dr. Binod Bihari Mallick, Head of the Department of Sanskrit, spoke on the various aspects of the week's celebration and its relevance in promoting and preserving the rich legacy of the Sanskrit language.

A series of competitions were organized during the week which included Sanskrit Song Competition, Shloka Recitation, Sanskrit Verse Recitation, Sanskrit Essay Writing, Translation Competition, Quiz on Sanskrit Language and Literature, Handwriting and Calligraphy in Sanskrit, and Sanskrit Debate Competition. All the programmes were conducted smoothly in the Department of Sanskrit with the active involvement and cooperation of every faculty member of the department.

The active participation of Women's College students, Golapi Lakra and Sonali Naik, added further vibrancy to the programme.

The week-long programme concluded with the celebration of Sanskrit Diwas on 12th August 2025 as the valedictory function. Sri Birendra Kumar Patel, Ex-Principal of the College, graced the occasion as the Chief Guest and delivered an inspiring address on the Indian Knowledge System, elaborating the role of Sanskrit in the fields of Science, Technology, Medicine, and other disciplines of ancient India. The Principal also emphasized the scientific spirit of Sanskrit, describing it not only as the language of the Gods but also as the language of Science.

On this occasion, prizes were distributed among the winners of different competitions. An exhibition on Science through Sanskrit with a special focus on Sanskrit language and culture was also arranged. Nearly seventy models representing Pure Science, Applied Science, Medical Science, and Rocket Science were displayed, reflecting the interrelation between Sanskrit and scientific thought.

The successful organization of the entire event was credited to the Department of Sanskrit, especially Dr. Binod Bihari Mallick, Sri Chintamani Kaalo, Guest Faculties—Reema Padhan, Nikita Pradhan, Swatee Panda—and other faculty members, whose dedication and teamwork made the programme a grand success.
