Three-Days Workshop  
on  
**Innovation  
& Intellectual Property  
Rights**

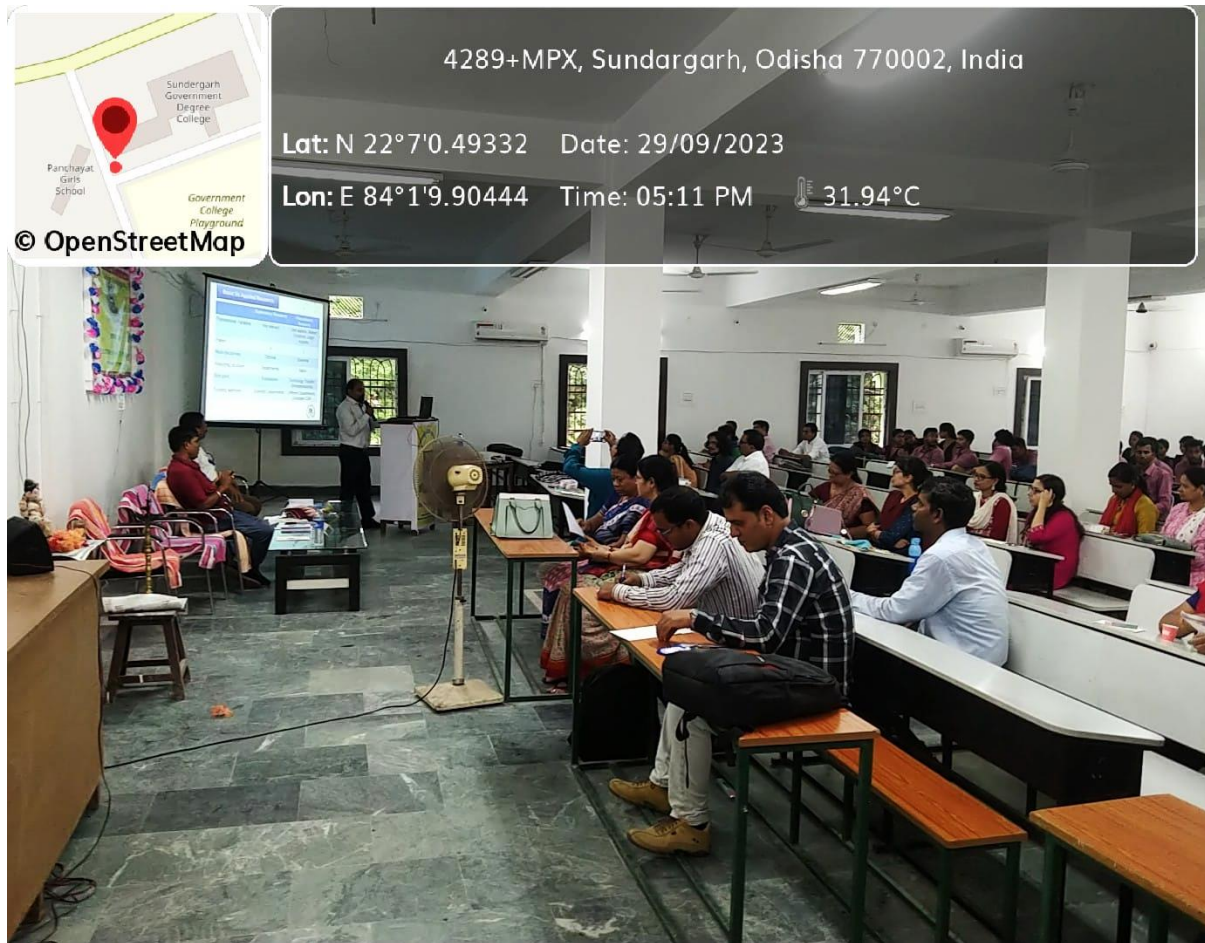

Organised by  
IQAC  
Govt. College Sundargarh  
Odisha  
Date: - 29<sup>th</sup> September to 1<sup>st</sup> October 2023

## Introduction

A three days workshop has been organized by the Govt. College Sundargarh on “Innovation & Intellectual Property Rights” between 29th September to 1st October 2023. The workshop was completed and all the participants including faculties and students benefited from it.

## **Objective of the Workshop**

The workshop is designed to be a comprehensive and informative learning experience that aims to provide participants with a structured understanding of Intellectual Property Rights and its crucial role in driving economic growth. It is fascinating to note that despite the significant impact of Intellectual Property on economic growth, inadequate awareness surrounding Intellectual Property Rights has been a major hurdle in furthering this growth. As such, the workshop intends to inspire and encourage participants to engage in innovation, leading to the creation of Intellectual Property that requires protection and incentives.

The workshop's primary focus is not only to provide a deeper comprehension of the various Laws and Regulations surrounding Intellectual Property Rights protection but also to foster innovative skills in participants. This initiative is aimed at equipping participants with the necessary tools and knowledge to safeguard their innovations and intellectual property. By doing so, the workshop seeks to create a culture of innovation and growth that will ultimately benefit individuals and the economy.
