

Action Taken Report on Student Feedback: 2021-22

Student feedback analysis revealed several noteworthy points:

Library Access and Website Information:

- The majority of students, 92%, reported being highly satisfied with their access to the library.
- A substantial 87% found the information available on the college website to be satisfactory.

Basic Amenities:

- Classrooms garnered a high satisfaction rate, with 86% of students expressing contentment.
- Satisfaction rates for laboratories, toilet facilities and drinking water facilities were 85%, 86%, and 78% respectively.

Co-curricular Activities:

- Approximately 75% of students expressed high satisfaction with the co-curricular activities offered.

Student-Teacher Interaction:

- Communication between students and teachers was highly satisfactory for 82% of respondents.
- A significant 85% reported being highly satisfied with the level of interaction during classes.
- Punctuality and regularity of teachers met the expectations of 84% of students.
- Similarly, 92% expressed satisfaction with the regularity of classes.

Coverage of Syllabus:

- The coverage of the syllabus was highly satisfactory for 85% of students.

Actions Taken: Library and Website Enhancement:

- Efforts are underway to expedite the library automation process for easier online access.
- Plans are in motion to extend library operating hours to improve student accessibility.
- Online resources are being updated and organized for enhanced navigation.

Improvement of Basic Amenities:

- Measures have been implemented to ensure the functionality and cleanliness of classrooms, laboratories, toilets and drinking water facilities.
- A Maintenance Committee has been established to oversee regular inspections and promptly address any issues.

Enrichment of Co-curricular Activities:

- Students are encouraged to actively participate in event planning to foster ownership and engagement.

Enhanced Student-Teacher Interaction:

- Feedback mechanisms have been strengthened to facilitate direct expression of opinions and concerns.

Syllabus Coverage:

- Flexible teaching methods have been introduced to ensure comprehensive syllabus coverage.

In conclusion, the institution is dedicated to addressing student feedback and enhancing their overall college experience by focusing on areas such as library access, basic amenities, co-curricular activities, student-teacher interaction and syllabus coverage.
