

## **Action Taken Report on Teachers' Feedback: 2022-23**

### **1. Library Resources**

We have enhanced the library's collection, ensuring it includes a wide range of the latest textbooks and reference materials aligned with the syllabus. Continue to regularly update the library resources and solicit staff recommendations for new acquisitions to maintain high satisfaction levels.

### **2. Internal Assessments and Examinations**

Internal assessment procedures have been reviewed and standardized to ensure transparency and effectiveness, achieving 100% staff agreement. Maintain and periodically review the assessment processes to ensure continued clarity and effectiveness.

### **3. Classroom and Laboratory Maintenance**

We have ensured that maintenance protocols for classrooms and laboratories are in place and are adhered to, addressing areas where improvements are needed. Continue to monitor cleanliness and maintenance regularly and implement additional improvements as needed to reach full staff satisfaction.

### **4. Sports Facilities**

Sports facilities have been consistently maintained and upgraded to ensure they meet the needs of students, achieving a high satisfaction rate among staff. Regularly review and invest in sports facilities and equipment to sustain and enhance their quality.

### **5. IQAC Efforts**

IQAC initiatives have been actively promoted, and efforts to improve the quality of the college have been implemented effectively, with 90% staff agreement. Continue to support and enhance IQAC activities and assess their impact on overall quality improvement.

### **6. Workspace Availability**

Adequate workspace has been allocated to faculty members and any reported issues have been addressed. Regularly review workspace allocation and make necessary adjustments to ensure continued faculty satisfaction.

The feedback from staff highlights several areas of strength and provides guidance for ongoing improvements. We are committed to addressing any remaining concerns and ensuring that all aspects of the college environment and operations continue to meet high standards.
